NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE NINE MONTH-PERIOD ENDED 31/06/1400 (22 SEPTEMBER 2021)

1. STATUS AND NATURE OF BUSINESS

- 1.1 Maiwand Bank (the Bank) is a commercial bank registered and operating in Afghanistan. The Bank is primarily involved in commercial banking in Afghanistan. The Bank has obtained business license from Afghanistan Investment Support Agency (AISA) to operate as a limited liability company. The Bank obtained its banking license from Da Afghanistan Bank ("DAB") under the Law of Banking in Afghanistan on December 31, 2008 and commenced its operations on January 01, 2009. Currently, the Bank is being operated with 48 branches in different parts of Afghanistan.
- 1.2 The registered office of the Bank is situated at Charrahi Torabaz Khan, Shar-e-Naw, Kabul, Afghanistan.
- 1.3 Owing to sectorial unprivileged circumstances which has affected bank's operations and CAMEL rating, DAB has imposed restrictions on the Bank for issuance of new bank loans, re-scheduling of existing loans and advances, and imposed conditions for issuance of bid guarantees with 30% cash margin and issuance of performance/advance payment guarantees with 50% cash margin plus 70% IPs. Due to which incomes from interest, fee and commission are adversely affected. The accumulated losses have reached AFN 1,991.564 million (2020: AFN 2,291.609 million). This indicates that material uncertainties exists that may cast significant doubts on the Bank's ability to continue as going concern.

DAB has conducted full scope audit and highlighted violations in compliances of laws, regulations, circulars, DAB guidelines and Banks's internal policies and issued enforcement action order along with guidelines and a corrective action plan was required to be submitted by the Bank. Consequently bank has prepared and submitted a detailed corrective action plan for DAB's appraisal and its implementation has been commenced. The plan is scheduled from November 2020 to April 2022, focusing on capital injection, recovery of NPLs and repossessed assets, reduction in expenses, improvement in income, and strengthening the internal controls and corporate governance.

Owing to losses, the Bank's repossessed assets, comprise of "non-current assets held for sale" and "investment property", have reached 10.97% of the Bank's total assets. The guidelines issued by DAB require the Bank to not exceed repossessed assets by 5%.

Since the scope of raising interest income (the sole major source) is limited, the bank has initiated various measures to reduce the expenditure but is currently unable to achieve the desired results as the operational expense of the bank were increased by almost 4.19% during the period ended 22 September 2021 when compared with the period ended 21 September 2020. However, as disclosed in the statement of cash flows, the bank used net cash of AFN 10.45 billion in operating activities.

Furthermore, the Bank is in the process of recovering loans by all means including filing cases against defaulters. The exact outcome of legal cases is not yet determined.

Key management positions (i.e., Chief Financial Officer, Chief Credit Officer, Chief Risk Officer, and Chief Internal Auditor) of the bank are lying vacant. However, the Bank is in the process to recruit suitably qualified and experienced professionals and have subsequently introduced two candidates to DAB for recruitment against the post of Chief Internal Auditor and Chief Financial Officer, the outcome of results are not yet delivered.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE NINE MONTH-PERIOD ENDED 31/06/1400 (22 SEPTEMBER 2021)

In view of above, these financial statements have been prepared on going concern basis as management believes that they will be able to address the anomalies and significant doubts about the going concern assumption in due course of time in line with corrective action plan and bank will be able to continue as going concern for at least next foreseeable future (i.e. 12 months from the end of the reporting period).

2 STATEMENT OF COMPLIANCE

2.1 These condensed interim financial statements have been prepared in accordance with International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) and the requirements of the Law of Banking in Afghanistan. In case requirements differ, the provisions of the Law of Banking in Afghanistan shall prevail.

3 BASIS OF MEASUREMENT

3.1 These condensed interim financial statements have been prepared on the historical cost basis under accrual basis of accounting except as otherwise disclosed in accounting policies.

3.2 Functional and presentation currency

Items included in the condensed interim financial statements of the Bank are measured using the currency of the primary economic environment in which the entity operates. The financial statements are presented in Afghani (AFN), which is the Bank's functional and presentation currency.

3.3 Significant accounting policies

The significant accounting policies and methods of computation adopted in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the audited annual financial statements of the Bank for the year ended December 20, 2020.

3.4 Critical accounting estimates and judgements

The basis for accounting estimates adopted in the preparation of these condensed interim financial statements are the same as that applied in the preparation of the financial statements for the year ended December 20, 2020.

In view of the uncertainty about timings of taxable profits in the foreseeable future against which the accumulated tax losses as carry forward can be utilized, the Bank has not recognized deferred tax asset on accumulated losses.

3.5 Financial risk management

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the audited financial statements for the year ended December 20, 2020.

3.6 Disclosures

The condensed interim financial statements do not include all the information and disclosures as required in the audited annual financial statements, and should be read in conjunction with the audited annual financial statements for the financial year ended 20 December 2020.

6.1.1 Overdraft facilities are extended to borrowers for a period of one year renewable every year with proper sanction on satisfactory conduct of account. These facilities carry interest ranging from 15% to 20% (2020: 15% to 20%) per annum. The facilities are secured against immovable properties, stocks and receivables of the borrowers and personal guarantees. All these loans are subject to mandatory cleanup for 5 days in terms of DAB guidelines and most of them are non-performing where we have stopped charging interest on the overdue balances.

DAB has carried out a comprehensive assessment of running finances in 2018 and communicated the assessment results via letter no. FSD F 5851 dated 30.08.1397. Accordingly, all the running finances which may fall in doubtful or loss categories based on their overdue days but are backed with at least 100% collateral value, are classified as standard but without accruing any interest there against. However, had all the running finances been classified and provisioned purely based on the DAB Assets Classification and Provisioning Regulation (ACPR), based on their statements seen from December 2019, the total provision would have been AFN 4,279.25 million which would have further increased accumulated losses.

6.1.2 Directives issued to commercial banks by Da Afghanistan Bank via letter no. 9074 dated 10-10-1399, that the overdraft oans portfolio shall not be greater than 50% of all loans and advances issued by the bank. In light of that letter, the bank has initiated the process and restructured five overdraft accounts to term loans.

6.2.1 Musharaka and Diminishing Musharaka facilities are extended to customers on profit / loss sharing basis. These carry profit sharing ratio of 10% to 16% (2020: 10% to 16%) on annual basis. These are secured against immovable properties and stocks.

Further as reasoned in paragraph 2 of note no. 6.1.1 above for running finances, Islamic finances have also been classified as standard assets based on the at least 100% collateral value subject to non-accrual status, which other wise would have classified as doubtful or loss depending on their overdue days as per ACPR. Had these assets been classified purely as per DAB's ACPR, based on their statements seen from December 2019, the total provision against Islamic finances would have been AFN 1,161.58 million which would have further increased accumulated losses.

- 10.1 This represents the value of collateral recovered from customers, acquired through out of court settlement for 08 loans and advances. These are US\$ dominated properties of those defaulted borrowers and are converted into AFN at transaction date. Moreover, the other banking assets acquired through out of court settlement were required to be disposed-off within five months as per the DAB's instructions via letter no 3279/4394 dated 10/5/1397. However, these assets have still not been disposed off by the end of the period.
- 10.2 During the period the Bank has acquired nil properties of defaulted borrowers (NPA accounts) in satisfaction of claims. Moreover, the Central Bank has allowed via email dated 06 February 2019 to consider non-current assets held for sale as monetary assets and revalue repossessed assets at each reporting date.
- 10.3 Da Afghanistan Bank issued standing instructions to the Bank through their letter no. 5517/4589 dated 16/04/1400 to write-off both Other Banking Assets and Repossessed Assets within one month after the issue of that letter and inform the Financial Supervision Department in writing. However, management has approached Da Afghanistan Bank (DAB) to allow for the cushion period of two years, however the DAB has allowed the Bank until June 2022 vide letter no. 11068/9581 dated 30/9/1400.

The Bank applied IFRS 16 using the modified retrospective approach, under which the Bank has recognized right of use assets and lease liabilities at the date of initial recognition for leases previously classified as operating leases under IAS 17 at the present value of the remaining lease payments using the Bank's incremental horrowing rate at the initial application date. The Bank has chosen to measure the right of use assets at an amount equal to the lease liabilities adjusted by the amount of prepaid lease payments relating to the operating leases recognized in the statement of financial position as at January 01, 2019.
